

SNEED'S WISH LISTS

Thank you for your interest!! More importantly, thank you for your patience. We spent most of 2020 navigating the kinks and think we have it figured out for the new year! Folks are welcome to submit a 'wish list' for us to fill. Make sure to include your **phone number as well as best time to call**. We are generally able to fulfill orders within 1 to 2 days. We ask that you be amenable to different sizes and similar varieties, but we will clear all of that with you before finalizing the sale.

Folks with larger orders from multiple departments are being asked to pick up items as they are ready. We can only hold orders for one week due to space/care constraints. If the order is not picked up within a week, we will return it to stock and refund your money.

Once plants are gathered and order is confirmed, we will send an invoice via email. Pay online and then you can pick up in our back lot. All items are being staged there on pallets. To access this lot, pull in between the service station and the fire station. Follow the lane back to our landscape entrance. You will see a hoop house. The pallets are set up to the left of the hoop house and items are staged there.

We are doing our best to meet the overwhelming demand for one of the few things that make us feel normal at this uncertain time. We ask for your patience and understanding. We will get through this with kindness.

Sincerely,

The Team at Sneed's
